Applicants note that the instant amendment has been made to correct an error of a typographical nature in the identification of the priority document number. Moreover, Applicants note that the priority date corresponds to the priority date indicated on the executed declaration.

Applicants further note that, as the instant amendment merely corrects a typographical error, no question of new matter is raised in entering this amendment, and, as the claims are not affected by this amendment, the amendment does not narrow the scope of the claims for any reason related to a statutory basis of patentability.

Respectfully submitted,
